Art. 2 – ADMISSION REQUIREMENTS

Applicants must hold one of the following qualifications:

1. an Italian second-level qualification known as "Laurea Magistrale" or "Laurea Specialistica", or else an Italian degree awarded under the former university system (ie prior to D.M. no. 509 of 3rd November 1999, as amended by D.M. no. 270 of 22nd October 2004). Such degrees must be **achieved within 31 October 2020**;
2. a second-level degree delivered by an Italian AFAM (Higher Education in Art, Music and Dance) institution, to be **achieved within 31 October 2020**;
3. a comparable foreign academic qualification to be **achieved within 12 October 2020**. The qualification must allow access to Doctoral studies in the issuing country (see art. 3).

Some Doctoral Programmes may require specific university qualifications. Please see the relevant "Admission" attachment for information.

Candidates holding a Doctoral degree cannot be admitted to the same PhD Programme.

Art. 3 – INTERNATIONAL DEGREES

Any second-cycle Higher Education qualifications obtained from a foreign institution and considered as equivalent to the required Italian degrees give access to the Doctorate (see art. 2).

International degrees are assessed by the Examination Panel for the sole purpose of admission to the PhD Programme, based on the level of the qualification, the length and/or the field of study of the degree programme, in compliance with the relevant laws in force in Italy and in the awarding country, as well as with international treaties or agreements on the recognition of foreign qualifications.

The above-mentioned conditions apply to any candidates - irrespective of their nationality - holding a foreign degree issued by institutions both from a EU and a non-EU country.

Applicants must have gained their international qualification **by 12 October 2020**.

The application process is online only (see art. 5.1). Applicants need to upload a certificate of the required academic qualifications along with the relevant Transcripts of Records, as detailed in the "Admission" attachment. Candidates are strongly encouraged to provide any other document that might be useful for consideration of their application (e.g. Diploma Supplement, "dichiarazione di valore" issued by the Italian Embassy or Consulate in the awarding country, syllabi, etc.)

Candidates obtaining the required degree after the closing date for applications, ie after 17th June 2020, will be admitted conditionally, provided they upload all other mandatory items, until submission of their degree certificates.

If the certificates are delivered in a language other than English, a translation in English or Italian must be uploaded. At this stage, the translation may be provided by the candidates themselves, who take full responsibility for the accuracy and truthfulness of the version.

Upon enrolment, successful candidates shall submit the full supporting documentation, including the official translations, duly **legalized** by the relevant authority in the issuing country.

Candidates on reserved places who are granted a PhD scholarship from abroad or a fellowship funded by international mobility programs (eg MSCA) need to submit proof of the scholarship award and amount. In case of suspension or loss of the scholarship, the University has no obligation to finance the remainder of the scholarship.

Art. 4 – SCHOLARSHIPS FUNDED BY THE EUROPEAN SOCIAL FUND

REGIONE AUTONOMA
FRIULI VENEZIA GIULIA

UN INVESTIMENTO PER IL TUO FUTURO

The Region Friuli Venezia Giulia (FVG) makes available resources of the European Social Fund (ESF), Operational Programme 2014/2020, Axis 3 Education and Training (see notice attached to the Decree no. 2992/LAVFORU of 31 March 2020 and subsequent amendments), to enhance competence, participation and performance in Higher Education, by fostering university or equivalent education, including post-graduate training.

By this initiative, the Region will co-fund doctoral scholarships with the purpose of strengthening co-operation between university education/scientific research and the regional production system and enhancing technology transfer of research results and research-based business innovation.

The funded projects must be in line with the changes due to the digitalization of the production system and/or to other ongoing cultural, social, health or economic changes, also as a result of the COVID-19 outbreak, and with the goals as set out in art. 3 of the Regional Law no. 2/2011 (Funding of the regional university system).

Within the mentioned Programme, the University of Trieste will submit a project proposal applying for the granting of doctoral scholarships, which can be assigned to the past doctoral cycle (35th cycle) and the remaining funding, if applicable, to the 36th cycle. Allocation of such scholarships is only possible after prior approval of the project by the Region FVG.

Further information will be provided in due course.

5.1 – Application procedure

Candidates must complete and submit the application by **1:00 pm** (Italian time) of **17th June 2020**.

The application must be submitted via the University online system: <http://www2.units.it/immatricolazioni/dottorati/>. Applications sent by any other means will not be processed. On the above link, step-by-step instructions are available for guidance on submitting applications. Applicants can apply from any computer with access to internet using the most popular web browsers. As this selection is made on a competitive basis, the closing date for application is mandatory and the online system will not allow late applications. The date and time of application are certified by the online system.

The application process consists of three steps: 1) Registration: if applicants have never registered on the University site, they need to register online before applying in order to obtain their username and password (credentials) which will allow to move on to the second stage; 2) Application: after registration, applicants need to complete the online application; 3) Payment of the registration fee: for each application an exam registration fee (€ 30.00) must be paid by **17th June 2020** (closing date for applying). Applicants failing to pay within the first day of the Examination Panel's assessment of qualifications shall be excluded from the competition (see the exact date on the "Admission" attachment concerning your PhD Programme). The fee is non-refundable, except where more than one payment has been mistakenly made for the same application.

Foreign candidates residing in countries subject to banking restrictions can pay the registration fee after the deadline, provided they do so before the oral examination takes place or - if the exam is conducted by video conference - before enrolment.

Candidates applying for late payment of the registration fee need to send their request to dottorati@amm.units.it within 17 June 2020, stating the reason why they cannot pay from abroad and providing evidence thereof. The Doctoral Office will verify the stated facts and will notify the applicant of the decision by email. If the conditions for granting late payment are not met, the applicant must pay the fee within 3 working days of the Office notification.

Candidates from Least Developed Countries are exempt from payment of the exam fee. The list of eligible countries is available on: <http://www2.units.it/dott/files/PVS%20DevCountries.pdf>.

Candidates are strongly encouraged to complete their application and pay the admission fee well in advance of the deadline, in order to avoid any possible crashing of the IT system and subsequent failure of the application process - due to the high number of last-minute applicants. It is the candidate's responsibility to ensure that the application is submitted correctly. For this purpose, a receipt confirming submission of the application and containing all details (items uploaded and payment) can be printed out. Requests for password recovery cannot be processed if received on very short notice, close to the deadline.

5.2 – Applicants with disabilities and learning impairments (LSD)

Candidates with a recognised disability (pursuant to Law no. 104/1992 as amended by Law no. 17/99), or with a disability of at least 66% may request special aids and up to 50% extra time for completing a written test, where applicable.

Requests must be submitted in writing along with a copy of the certificate from the Public Medical Board (the Italian *Commissione Sanitaria*), as provided by Law 104/1992, or official acknowledgement of disability, to the Disability Service (*Servizio Disabilità*). Before visiting the Service, candidates are advised to book an appointment by email or telephone at least 10 working days prior to the date of the examination:

Candidates with specific learning disorders (LSD) may request up to 30% extra time, where applicable, and in the event of serious issues, they may request special aids aimed at ensuring equal opportunities, provided they have the suitable certification (not older than 3 years) as provided by Law no.170/2010.

Requests must be submitted in writing to the Learning Impairment Service (*Servizio DSA*). Before visiting the Service, candidates are advised to book an appointment at least 10 working days prior to the date of the examination:

Art. 6 – ADMISSION EXAMINATION

6.1 – Terms and conditions

Terms and conditions of admission, as well as the planned schedule, are advertised on the “Admission” information sheets of each Doctoral Programme (see Attachments), which shall constitute an integral part of this Notice of Competition as well as notification to all applicants. The Doctoral Office has no obligation to notify applicants of any updates or changes to the examination dates. It is therefore recommended that the candidates consult the said attachments regularly.

In the event that the current COVID-19 outbreak continues, oral examinations might be administered only remotely, i.e. videoconferencing (see art. 6.2) may be considered as the ordinary mode for taking the interview. If such measure needs to be taken to manage the crisis, or in the event of any changes to the exam calendar, the Doctoral Office is under no obligation to notify the candidates individually. Candidates are

therefore expected to check the relevant website from time to time to take notice of any variations.

During the oral examination, knowledge of one or more languages will be tested. Candidates may be required – if indicated on the Admission attachment - to have a minimum language level.

When sitting the examination, candidates must show proof of identity (ID card, passport or equivalent issued by the government).

6.2 – Videoconference interview

If mentioned in the relevant “Admission” attachment, interviews for admission to Doctoral Programmes may be held by videoconferencing or other suitable electronic means. Candidates who are unable to attend the examination in person and wish to be interviewed online shall upload the "Videoconference interview" form, available on <http://www2.units.it/dott/en/?file=DottBandi.inc&cod=1010>. Applicants need to indicate on the form the platform (eg Skype) and the account that the Examination Panel shall use for the connection.

Candidates must be reachable at the personal account they have indicated on the form and on the day scheduled for the interview (see calendar on the relevant Admission attachment). The Examination Panel may agree with the candidate the time for the interview.

Before the interview starts, for identification purposes the candidates must show a valid identity document.

Failure to connect online due to incorrect account or wrong date and time or technical issues, or else failure to show a valid ID document, shall result in the candidate's exclusion.

Applicants for video-conferencing can nevertheless attend the interview in person at the scheduled time, provided they bring a valid ID document.

The University of Trieste is not to be held responsible or liable for technical failures that may impede the interview.

Should a candidate – who had not requested a videoconference interview at the time of the application - be unable to attend the interview in person, due to exceptional and justified circumstances, he/she can send the videoconference form to the email addresses indicated in the “Admission” attachment up to four working days before the date of the interview.

The Examination Panel will inform the candidates whether their request is accepted, no later than two days before the date of the interview. If no reply is received, the request shall be deemed rejected and the candidate will need to attend the interview in person. Failure to do so shall result in the candidate's exclusion. Any requests sent to email addresses other than those indicated in the Admission attachments will not be considered.

Examination Panels are appointed by the Rector to carry out a comparative evaluation of the candidates, in compliance with art. 17 of the Regulations on Research Doctorates.

The composition of the Panels will be posted on the Doctorates website, next to the attachments of the relevant PhD Programme.

6.4 – Merit lists

On completion of the evaluation process, each Examination Panel will draw up the merit list, which will be approved by Rector's Decree. Assessment of the candidates may differ depending on the place/scholarship offered, based on particular competencies needed for carrying out research in subject-specific projects.

The candidates' preferences about the type of PhD places as well as the project submitted upon application are not binding for the examiners nor for the Doctoral Board when allocating the places.

Successful candidates will be offered the places by rank order. Should two or more candidates obtain the same score on a non-funded place, the younger candidate shall prevail.

The names of the candidates, the results of the initial and/or intermediate assessments and the final merit lists will be posted on the PhD website in the relevant information sheets. Merit lists will be also published on the University Official Notice Board (*Albo Ufficiale*), and will be available until 31st December 2020, or else for 60 days.

Candidates will be notified of the publication on their personal email account. Publication on the University Notice Board shall be deemed to constitute official notification.

Art. 7 – ENROLMENT APPLICATION

7.1 - Procedure

Successful candidates must submit the enrolment application and pay the first instalment of fees **within 5 working days** (i.e. excluding Saturdays, Sundays, and public holidays) after the date of the publication of the merit list, **within 1 pm**. Procedures and deadlines will be posted at the bottom of the relevant merit list. Publication thereof shall be deemed to constitute **official notification**.

Enrolment on each Doctoral Programme is subject to the limit of places available.

Candidates failing to submit their enrolment applications by the deadline or submitting incomplete applications shall be considered to have withdrawn and the vacant places shall be made available to the next eligible candidates on the list.

After applying for enrolment, PhD candidates shall consult with the Programme Coordinator for guidance.

As a rule, attendance and research activity of the PhD Programme start on 1 November 2020.

Candidates applying for enrolment who have not yet obtained the required academic degree are given the “pre-enrolled” student status until achievement of the qualification. Candidates graduating from the University of Trieste will have to inform the Doctoral Office staff of their graduation (email to dottorati@amm.units.it) who will verify the information provided. Candidates graduating from other Italian universities will need to submit a self-declaration in lieu of certificate **within 10 days of their graduation**.

If the Doctoral Programme offers funded places only, successful candidates cannot accept the position and turn down the scholarship or grant they qualified for.

Before the start of their activity, any PhD student shall inform the University Prevention and Protection Service of the type of activity they will perform by filling out the dedicated form. For further information: http://www2.units.it/prevenzione/procedure/nuovi_arrivati.php.

7.2 – International candidates

In order to complete their enrolment, successful candidates holding a foreign qualification must submit the original supporting documentation which was uploaded online at the time of application for admission (see art. 3), bearing the legalization or Apostille stamp.

They shall also submit an official translation of their certificates in English or Italian (if the certificate is delivered in a different language), ie legalized or sworn before a Court in Italy.

7.3 – Candidates residing abroad

In order to complete their enrolment, successful candidates from abroad must provide a copy of their Italian tax code and an address in Italy.

Recipients of doctoral scholarships also need to have a bank account in Italy, and must enter the relevant bank details on the student management system (ESSE3).

7.4 – Candidates from non-EU countries

In order to complete their enrolment, successful candidates from non-EU countries need to submit their permit of stay in Italy (allowing study at university) or – if still to be delivered – the receipt of their application for the permit.

Successful non-EU candidates who are awarded a research grant shall submit a permit of stay for the purpose of “scientific research”. For further information about research grants, see art. 9.

7.5 – Reserved places

With regard to reserved places, selection procedures and times might be different, and a separate merit list shall be made. Enrolment is allowed after approval from the Doctoral Board, provided that the candidate meets the qualifications as required by article 2.

Some PhD programmes may offer places which are reserved for graduates from foreign universities, with or without scholarship (code RB and RF, respectively), or for candidates who are granted a scholarship by a foreign country (code RC), or else for

candidates joining programmes of international mobility (code. RD). Candidates selected in the framework of international research agreements or programmes where the University of Trieste is involved as coordinating or partner institution can also enrol, providing that there are places reserved for such category and that the research programme covers the entire duration of the PhD (code RD).

There might be also places reserved for highly-qualified staff employed in companies (“industrial PhD”) or in public institutions or research centres (code RE). Such candidates shall be allocated the reserved place while remaining on salary from the employer. For this purpose, the institution involved must submit a letter of intent and sign an agreement with the University of Trieste. The selected candidate can enroll only after the signing of the said agreement.

7.6 - Vacant places

Any places that may become vacant is advertised and allocated to other eligible candidates by rank order on the merit list as follows:

- a) after the enrolment deadline, any places/scholarships that may remain available will be posted on the PhD site on the relevant “Merit list - Possible new registrants” file;
- b) all eligible candidates who are interested in the vacant places – regardless of their ranking in the merit list - are required to submit the dedicated form within the deadline indicated below the relevant merit list (<http://www2.units.it/dott/files/CoverVacantPlaces.pdf>);
- c) the list of candidates who have applied for the vacant places will be posted on the relevant “Possible new registrants” file. The places will be allocated following the rank order. For details on funded places, see art. 8;
- d) candidates entitled to vacant places shall apply for enrolment within the deadline and according to the terms indicated at the bottom of the merit list, failing which they shall be excluded. The Doctoral office will notify the candidates of the places available and will further allocate the vacant places within the limit of their number. Failure to receive such notice shall not involve the University in any liability.

Please note that:

- to avoid delays in the Programme schedule, time limits for enrolling on vacant places might be shorter than those required under art. 7.1;
- any scholarships that shall remain vacant shall be offered first to candidates who have enrolled on a non-funded place;
- successful candidates on a non-funded place can decline the offer of such a place and apply for a vacant (funded) place, provided they are eligible for the funded place.

Art. 8 – SCHOLARSHIPS

8.1 – General provisions

Scholarships are available for all applicants, save if otherwise stated in the “Admission” attachments of the Doctoral Programme (eg ESF scholarships or reserved places). Upon acceptance of the scholarship, candidates must meet the relevant requirements.

Scholarships are granted annually and are renewed every year for the entire duration of the Programme, as long as the PhD student has successfully completed the planned activities, as assessed by the Doctoral Board.

The PhD scholarship is paid in monthly installments for a total annual amount of € 15,343.28, gross of national insurance contributions to be paid by the student. The said amount may be increased by a maximum of 50% if the PhD candidate conducts his research abroad for a length of time not exceeding the maximum number of months allowed (over three years), as indicated in the relevant “Overview” attachment. Different conditions may apply to scholarships funded by third-party institutions. In any event, the scholarship increase can be granted only for uninterrupted stays abroad of at least sixty days.

If a candidate has ever been awarded a doctoral scholarship, even partially, they are no longer eligible to receive a PhD scholarship.

Scholarships cannot be granted along with fellowships or other grants, except for scholarships awarded by Italian or foreign institutions for the purpose of supporting the PhD activity with stays abroad.

As far as incompatibility with work activity is concerned, see art. 24 of the University Regulations on Research Doctorates.

PhD students may waive or suspend their scholarship at any time, if they benefit from an alternative funding source, while keeping their place in the Programme.

Should any PhD student decide to no longer work on the assigned project with their research group and Supervisor, the PhD Board may revoke the scholarship and assign a new research project or else dismiss the PhD student.

For information on unemployment benefits following completion of the Doctoral Programme, PhD candidates (scholarship recipients only) are advised to contact the local INPS office (ie the Italian authority for State pensions).

8.2 – Scholarship award

Scholarships are awarded by the Doctoral Board to successful candidates according to their rank order. Where applicable, the Board shall also take into account the assessment of the candidate’s competence in the specific research subject required by the place, with a view to allotting as many scholarships as possible.

Should two or more candidates obtain the same score on a funded place (except for subject-specific places), the income value of the candidate’s family, known as Equivalent Economic Indicator (ISEE), shall be taken into account for the scholarship or grant allocation, and the lowest one shall prevail.

Successful candidates need to confirm acceptance of the scholarship using the appropriate form.

Any scholarships that may be offered after the publication of this Notice of Competition or after the selection process shall be assigned to the successful candidates, following the criteria as given above.

Vacant scholarships cannot be offered to candidates whose competence on the research subject has been assessed as unsatisfactory by the Examination Panel.

Scholarships will be paid monthly from the start of attendance of the PhD activity, normally on the 25th day of the following month. Should attendance start after the first day of the month, the first monthly payment of the scholarship is ensured in full.

Students starting to attend the activities after November will have to retrieve attendance by the end of the Programme.

Please note that timely payment of the scholarship as from December 2020 (for PhD students regularly starting attendance in November) is not guaranteed to candidates whose supporting documentation for enrolment is received after 15 October 2020, and to candidates applying for enrolment after that date.

Art. 9 – RESEARCH GRANTS

Research grants may be offered if advertised in the “Admission” attachments, and are awarded to successful applicants by way of term contracts regulating the research activity.

Research grants are regulated by the provisions of art. 22 of the Law no. 240 of 30th December 2010 and by the University Regulations issued by Rector's decree no. 653 of 24th May 2013.

For non-EU grant holders living outside Italy, the University will sign a “Hosting Agreement” with the candidate and send it to the competent Italian Consulate that will issue an entry visa for the purpose of “scientific research”. Grant holders shall sign the contract only after completion of the process for obtaining their permit of stay.

Art. 10 – EXCLUSION FROM THE MERIT LIST

All candidates are admitted to this competition, subject to verification that all requirements have been met (art. 43 of D.P.R. 28th December 2000, no. 445). Therefore, the University may exclude a candidate from the competition at any time. The University shall also verify the truthfulness of the candidate's statements as well as the authenticity of the documents submitted. Any false statements or documents shall be punished as violation of the Criminal Code and of the laws regulating the matter.

Under no circumstances, can candidates be admitted if one of the following occurs:

- lack of mandatory documentation, as displayed in the “Admission” attachments;
- non-compliance with the provisions of art. 6.2 on videoconferencing;
- failure to pay the admission fee by the given deadline, ie within the first day of assessment of qualifications (see exception for candidates from countries subject to bank restrictions, under art. 5.1);
- any other non-compliance with the provisions as given in this Notice of Competition as well as with the rules in force on Doctoral Programmes.
