Art. 2 – ADMISSION REQUIREMENTS

Applicants must hold one of the following qualifications:

1. an Italian second-level qualification known as “Laurea Magistrale” or “Laurea Specialistica”, or else an Italian degree awarded under the former university system (i.e. prior to D.M. no. 509 of 3 November 1999, as amended by D.M. no. 270 of 22 October 2004);

2. a comparable foreign academic qualification allowing access to Doctoral studies in the issuing country (see art. 3).

The above-mentioned qualifications must be gained by 31 October 2021.

Some Doctoral Programmes may require specific university qualifications. Please see the relevant “Admission” attachment for information.

Candidates holding a Doctoral degree cannot be admitted to the same PhD Programme.

Art. 3 – INTERNATIONAL DEGREES

Any second-cycle Higher Education qualifications obtained from a foreign institution and considered as equivalent to the required Italian degrees give access to the Doctorate (see art. 2).

International degrees are assessed by the Board of Examiners for the sole purpose of admission to the PhD Programme, based on the level of the qualification, the length and/or the field of study of the degree programme, in compliance with the relevant laws in force in Italy and in the awarding country, as well as with international treaties or agreements on the recognition of foreign qualifications.

The above-mentioned conditions apply to any candidates - irrespective of their nationality - holding a foreign degree issued by institutions both from a EU and a non-EU country.

The application process is online only (see art. 4.1). Applicants need to upload a certificate of the required academic qualifications along with the relevant Transcripts of Records, as detailed in the “Admission” attachment. Candidates are strongly encouraged to provide any other document that might be useful for consideration of
their application (e.g. Diploma Supplement, “dichiarazione di valore” issued by the Italian Embassy or Consulate in the awarding country, syllabi, etc.)

Candidates obtaining the required degree after the closing date for applications (21 October) - and in no case beyond 31 October - will be admitted conditionally, provided that they upload all other mandatory items. The degree certificates must be submitted within 10 days of their graduation.

If the certificates are delivered in a language other than English, a translation in English or Italian must be uploaded. At this stage, the translation may be provided by the candidates themselves, who take full responsibility for the accuracy and truthfulness of the version.

Upon enrolment, successful candidates shall submit the full supporting documentation, including the official translations, duly legalized by the relevant authority in the issuing country (see art. 6.2).

Art. 4 – APPLICATIONS

4.1 – Application procedure

The application deadline is 21 October 2021, 13:00 CET (Italian time).

Applications must be submitted online via the University system https://esse3.units.it/Home.do. Applications sent by any other means will not be processed.

The application process consists of three steps:

1) Registration: applicants who have never registered on the University site need to register online before applying in order to obtain their username and password (credentials) which will allow them to move on to the second stage. To register, applicants are strongly advised to use SPID (Sistema Pubblico di Identità Digitale), providing that they are eligible to obtain one;

2) Application: after registration, applicants need to complete the online application.

3) Payment of the registration fee: for each application an exam registration fee (€ 30.00) must be paid by 21 October 2021 (closing date for applying). Applicants failing to pay within the first day of assessment of qualifications shall be excluded from the competition (see the relevant date on the “Admission” attachment of the chosen PhD Programme). The fee is non-refundable, except where more than one payment has been mistakenly made for the same application.

Late applications cannot be submitted: after the closing date and time the online system will no longer allow access to the application. The date and time of application are certified by the online system, and a receipt thereof can be downloaded at the end of the process. Applicants will also receive an email message confirming submission. It is however the candidate’s responsibility to ensure that the application is submitted correctly, including the uploaded attachments.

Candidates are strongly encouraged to complete their application and pay the admission fee well in advance of the deadline, in order to avoid any possible crashing of the IT system and subsequent failure of the application process - due to the high number of last-minute applicants.

Legge 241/1990 - Responsabile del procedimento: Sabrina Luccarini
Applications shall be deemed valid upon signature by the candidate on the day of the examination, if applicable, or upon enrolment.

Requests for password recovery sent after 18 October 2021 cannot be processed.

Candidates residing abroad who are unable to pay online due to banking restrictions in their country of residence must write to dottorati@amm.units.it before **18 October 2021** and provide proof of the said restrictions. If the request is accepted, the candidate will be allowed to pay within a later date (and notified by email). Conversely, if the request for late payment is rejected, the applicant must pay the fee within 3 working days of the office notification.

Only candidates from Countries included in this list are exempt from payment of the exam fee, provided that – before the date of the oral examination - they submit a certificate from the Italian Embassy in their country proving their low family income.

By submitting the online application, applicants accept the provisions of this Call for Applications and the applicable University Regulations on Research Doctorates.

### 4.2 – Applicants with disabilities and learning impairments (LSD)

Candidates with a recognised disability (pursuant to Law no. 104/1992 as amended by Law no. 17/99), or with a disability of at least 66% may request special aids and up to 50% extra time for completing a written test, where applicable.

Requests must be submitted in writing along with a copy of the certificate from the Public Medical Board (the Italian Commissione Sanitaria), as provided by Law 104/1992, or official acknowledgement of disability, to the Disability Service (Servizio Disabilità). Before visiting the Service, candidates are advised to book an appointment by email or telephone at least 10 working days prior to the date of the examination:

Candidates with specific learning disorders (LSD) may request up to 30% extra time, where applicable, and in the event of serious issues, they may request special aids aimed at ensuring equal opportunities, provided they submit a medical certificate of diagnosis, in accordance with Law no.170/2010 (art. 3) and the State-Regions Agreement of 24/7/2012.

Requests must be submitted to the Disability/Learning Impairment Service (Servizio Disabili/DSA). Candidates are advised to book an appointment by email or telephone at least 10 working days prior to the date of the examination (see contacts above).

### Art. 5 – ADMISSION EXAMINATION

#### 5.1 – Terms and conditions

Terms and conditions of admission, as well as the schedule of examinations, are advertised on the “Admission” information sheets of each Doctoral Programme (see Attachments), which shall be deemed to constitute notice to all applicants. The Doctoral Office has no obligation to notify applicants of any updates or changes to the examination dates. It is therefore recommended that the candidates consult the said attachments regularly.

*Legge 241/1990 - Responsabile del procedimento: Sabrina Luccarini*
Applicants can submit more than one project, each referring to a single position/scholarship. Every project shall focus on how to develop one of the proposals as shown in the “Project summary” related to each scholarship offered by the Doctoral Programmes.

Knowledge of English will be tested during the interview.

When sitting the examination, candidates must show proof of identity (ID card, passport or equivalent document issued by the government).

### 5.2 – In-person or remote interview

Failure to attend the interview on the scheduled date and time, or to show a valid ID document, shall result in the candidate’s exclusion.

Interviews are public, i.e. access to the room, whether real or virtual, is ensured to whoever is interested in attending.

**In-person interview (videoconference is optional)**

In the event that videoconferencing is not the mandatory mode for conducting the interview, applicants wishing to be interviewed remotely must upload, along with their online application, the “Videoconference form”. Applicants need to indicate on the form the platform (eg Skype) and the account that the Board of Examiners shall use for the connection.

Candidates must be reachable at the personal account they have indicated on the form and on the day scheduled for the interview (see calendar on the relevant Admission attachment). The Board of Examiners may agree with the candidate the exact time for the interview.

Candidates failing to indicate their account for the videoconferencing are excluded from the selection. Applicants for videoconferencing can nevertheless attend the interview in person at the scheduled time, provided they bring a valid ID document.

Should a candidate – who had not requested a videoconference interview at the time of the application - be unable to attend the interview in person, they can send the videoconference form to the email address indicated in the relevant “Admission” attachment up to four working days before the date of the interview (or within the date indicated in the attachment, where different), by giving reasons for their late request.

The Board of Examiners will inform the candidates whether their request is accepted, no later than two days before the date of the interview. If no reply is received, the request shall be deemed rejected and the candidate will need to attend the interview in person. Failure to do so shall result in the candidate’s exclusion. Any requests sent to email addresses other than those indicated in the Admission attachments will not be considered.

**Videoconference interview (mandatory)**

Candidates must access the platform as shown on the “Initial/intermediate assessment” attachment according to the scheduled time.

Art. 7 – SCHOLARSHIPS

7.1 – General provisions

Upon acceptance of the scholarship, candidates must meet the relevant requirements in accordance with the University Regulations on Research Doctorates and with M.D. 1061/21.

Scholarships are granted annually and are renewed every year for the entire duration of the Programme, as long as the PhD student has successfully completed the planned activities, as assessed by the Doctoral Board.

The PhD scholarship is paid in monthly installments for a total annual amount of €15,343.28, gross of national insurance contributions to be borne by the student. The scholarship may be increased by a maximum of 50% for conducting research abroad within 31 December 2023, as indicated in the relevant “Admission” attachment.

Any PhD student, whether employed or self-employed, can be awarded the scholarship as long as their income from work is not higher than €15,000 before tax and after social security contributions (for the academic year 2021/22 the applicable tax year is 2022). For this purpose, working students need to submit a self-certification thereof within the first semester of the following year. The scholarship does not count towards the income amount. In the event that the PhD student’s income exceeds the mentioned limit, the scholarship will be suspended and withdrawn, and the student will have to pay back the relevant scholarship installments.

For details on compatibility with work activity, see art. 24 of the University Regulations on Research Doctorates.

Candidates who have already been awarded a doctoral scholarship once, even partially, are no longer eligible to receive another PhD scholarship.

Scholarships cannot be granted along with fellowships or other grants, except for scholarships awarded by Italian or foreign institutions for the purpose of supporting the PhD activity with stays abroad.

Should the PhD student decide to no longer work on the assigned project, their scholarship will be withdrawn.

For information on unemployment benefits following completion of the Doctoral Programme, scholarship recipients are advised to contact the local INPS office (ie the Italian authority for State pensions).

7.2 – Scholarship award

Scholarships are awarded by the Doctoral Board to successful candidates according to their rank order. The Board shall also consider the candidate’s competence in the specific research required by the PhD position, as well as consistency with the subject areas as provided for by M.D. 1061/21.

Should two or more candidates obtain the same score, the income value of the candidate’s family, known as Equivalent Economic Indicator (ISEE), shall be considered for the scholarship allocation, and the lowest one shall prevail.

Successful candidates need to confirm acceptance of the scholarship using the appropriate forms.
